

Meet the
perfect dose!

Squeeze & Dose

by Aptar

Dosing System

DRIVES NEXT-LEVEL CONVENIENCE

- Designed for one-handed, inclusive operation.
- Improves product evacuation to reduce waste.
- High-performance flow control valve for accurate and clean dosing.

EQUIPS BRANDS FOR SUCCESS

- Enhances brand affinity by improving the consumer experience.
- Compatible with various formulas and viscosities to adapt to diverse portfolio needs.
- Works seamlessly with multiple closure types.

EMBRACES SUSTAINABILITY

- Supports the use of concentrated formulas, reducing packaging and enabling refill systems.
- Features a reuse-friendly flow control valve to support reusable packaging.

SPECIFICATIONS:

- Cage Diameter: 14mm
- Stroke (cage height): 35mm
- Dosing: 4 - 12ml (dependent on formula)
- Compatible Formulations: 14 - 290 cP, 0.79 - 1.04 density.
